

HOMESTEAD EXEMPTION

The homestead exemption program was created by the Legislature to provide property tax relief to elderly and disabled homeowners on a limited income. The specific requirements have been modified since the creation in 1969, but the main criteria is to provide local property tax relief to qualifying elderly and disabled individuals who own and live in the home for which an exemption application is made. The exemption applies to all or part of the local property taxes levied against the home with the state reimbursing local governments for general fund revenues for the taxes exempted under the program.

For more detailed information or answers to questions about the Nebraska homestead exemption, please contact the local county assessor's office or the Nebraska Department of Revenue.
